EDUCATIONAL ASSESSMENT GUIDELINES FOR CHILD CARE PROVIDERS

North Carolina’s child care licensing system establishes education standards for the child care workforce. Staff in all child care positions must meet minimum education requirements. Staff may also meet voluntary enhanced standards in education beyond the minimum requirements by completing post-secondary coursework at a college or university which will contribute to a higher star rating for their facility.

Education Evaluation Specialists in the Early Education Branch, Workforce Education Unit of the North Carolina Division of Child Development and Early Education (DCDEE) assess the education of individuals working in child care to determine their qualifications. All applicants must apply through the DCDEE Workforce Online Reporting and Knowledge System (DCDEE WORKS). To find out more information about DCDEE WORKS, helpful information and resources, please visit the DCDEE website at www.ncchildcare.nc.gov

HIGH SCHOOL DIPLOMAS AND EQUIVALENTS

The first step in this process is documenting in DCDEE WORKS how you completed high school.

The requirement for completion of high school can be met through a number of options, as described below:

☑ **High School Diploma:** This diploma is issued through a high school and requires completion of all state and local graduation requirements. High schools issuing diplomas must have nationally recognized regional accreditation in the United States (see page 6 for more information). The diploma may indicate a track the student took to meet requirements (college prep, technical, occupational, etc.). The diploma awarded is the same regardless of the chosen track.

☑ **Adult High School Diploma (Adult HSD):** This diploma is issued through the community college system in most states. There are exceptions and other colleges could be approved to issue adult high school diplomas. Colleges issuing adult high school diplomas must have nationally recognized regional accreditation in the United States (see page 6 for more information).

☑ **Home School Diploma:** This diploma is issued by a non-public school where the student receives academic instruction from his/her parent, legal guardian or a member of the household in which the student resides. The chief administrator of the home school issues the diploma.

**What is a legitimate home school?**
The NC Division of Non-Public Education is authorized by state law to receive home school notices of intent to begin initial operation, to terminate operation and to annually inspect the school’s student attendance and nationally standardized achievement test result records. They provide a list of home schools by county at this website: http://www.ncdnpe.org
☑ GED (General Education Development) Credential: The GED Tests measure the academic skills and knowledge expected of high school graduates in the United States. Successfully passing the tests results in award of a GED credential (which may be called a diploma, certificate, credential or endorsement).

- The only official GED is given by the GED TESTING SERVICE and its approved sites. All approved testing locations are listed at [www.GEDtest.org](http://www.GEDtest.org).

- The official GED is **not offered online via the internet**. Currently the GED is a paper and pencil test only. The GED test is a series of 5 tests covering different subjects and takes 7 hours to complete.

☑ Graduation Certificate and Certificate of Achievement: These are high school exit documents for students who do not meet the requirements for a diploma. These documents are NOT recognized as high school diplomas or equivalents.

**Official Transcripts** provide official documentation from a college or university of completed post-secondary coursework, certificates, diplomas and/or degrees.

*NOTE: Official transcripts received by the Workforce Education Unit cannot be returned to the sender.*

**What Counts and What Doesn’t?**

- **Only post-secondary credit** is counted in education evaluations. The college or university awarding post-secondary credit (including schools offering distance education such as on-line coursework) must be accredited. This credit must appear on official transcripts from post-secondary schools that have received [nationally recognized regional accreditation](#) (see page 6 for more information).

- **Official transcripts must arrive to DCDEE in an unopened and sealed envelope.** Please **do not open, make copies or write on transcripts** before mailing to DCDEE. The transcript must be "official" with a raised seal or on distinctive paper and with the registrar’s signature, as specified by the college or university. Photocopies, computer print-outs, unofficial student copies, internet copies and grade reports are not accepted.

- If a degree has been earned, it must be shown on the official transcript including the major and the date the degree was awarded. **Copies of degrees are not accepted** as verification of completion.

- Continuing education and in-service training hours are never counted in determining an individual’s education qualifications.
When do you submit an official transcript (OT)?

★ You need to submit an OT when you initially apply in DCDEE WORKS if you have completed any college or university level coursework, certificates, diplomas and/or degrees.

★ Process to submit Electronic Transcripts
1) Visit your College and/or University Office of the Registrar’s webpage to request a transcript.
   a. You may have to log into your Student Account to request a transcript
2) On the webpage and/or the URL, you will be provided information as to if the college and/or university is affiliated with the National Student Clearinghouse or Credential Solutions (eScrip) when requesting electronic transcripts.
3) The college and/or university must be affiliated with the following entities only:
   a. National Student Clearinghouse
   b. Credential Solutions (eScrip)
4) If your college and/or university is not affiliated with one of these two entities, please mail your official transcripts to DCDEE. Steps regarding how to mail your official transcripts are listed under Process to submit Hardcopy Official Transcripts.

What is needed when the official transcript is a foreign transcript? (Coursework completed outside of the United States)

★ Foreign transcripts and/or degrees must be evaluated by an international education evaluation service to determine how they compare to U.S. education standards.

★ For higher education institutions outside of the United States, the recognized system of the specified country’s accreditation process will be accepted.

Diplomas from high schools and official transcripts from colleges or universities without regional accreditation are not recognized by the Division of Child Development and Early Education Workforce Education Unit.
The following criteria apply to coursework that is counted to qualify for a specific child care position and/or count towards extra hours for the position:

★ When reviewing transcripts for coursework to be countable towards early childhood/child development (EC/CD) semester credit hours to either initially qualify or as extra hours, Education Evaluation Specialists look for courses that emphasize a developmental understanding of young children and developmentally appropriate educational approaches for the early years. Therefore, elementary education degrees and coursework often do not qualify for credit. For the same reason, general education courses required for a degree are NOT counted.

★ Courses routinely counted as Early Childhood/Child Development (EC/CD) include:
  - Most EDU courses in the NC Community College System except a group of vocational courses (EDU 250 – PRAXIS I Preparation, EDU 285 – Internship Exp-School Age)
  - Some ASL (American Sign Language) prefixes (limited to developmental language and communication skills)
  - DDT 120 Teaching the Developmentally Disabled (in NC Community Colleges)
  - Courses with Kindergarten (K) in the name or course description
  - Some Psychology courses, including General, Introduction, Child Psychology and Child Development

★ Additional courses counted for School-Age positions include:
  - The same EDU prefixes in the NC Community College System that count for EC/CD except EDU 234 Infants, Toddlers and Twos
  - The same Psychology courses plus Child/Adolescent Psychology and Child/Adolescent Development
  - Elementary Education courses and degrees
    Note: An Elementary Education degree is considered a degree in the field for School Age positions and therefore, semester credit hours will not be counted separately as extra hours.

★ Practicums, internships and student teaching experiences are never counted as EC/CD courses, although they may have earned course credit toward a degree.

★ Other courses may be considered for appropriateness through review of course descriptions provided by the applicant. If such coursework is deemed appropriate, credit will be given on a case by case basis.

The following degrees are accepted as Early Childhood/Child Development (EC/CD) degrees:

★ AA/AAS in Child Care Administration/ Child Development/ Early Childhood Education/ ECE-Special Education/ ECE-Teacher Associate/ Human Growth and Development/ School Age Children/ Special Education

★ BA/BS or higher in Birth-Kindergarten/ Child Care Administration/ Child Development/ Child Psychology/ Early Childhood Education/ ECE-Special Education/ ECE-Teacher Associate/ Human Growth and Development/ School Age Children/ Special Education
