Instruction for DCDEE Budget Revision Form

NC Pre-K

**Purpose:** This form is used to revise the approved contract budget.

The budget approved with your contract remains in effect unless you request a budget revision, or an amendment is executed. A budget revision is needed when a line item unexpended balance becomes a negative amount. All budget revision requests must be submitted electronically.

Changes within line item amounts must be reported to the DCDEE Contract Administrator and Business Officer so that an adjustment can be made to the approved budget line item detail to correspond with the contractor's budget. All changes must be reported at least quarterly (if not as early as they occur) and are due along with the current month's FSR. Failure to notify DCDEE will significantly delay the next reimbursement. For example, if the December services FSR contains negative line items, a budget revision form must accompany the FSR before payment will be processed. All revisions must be finalized prior to the last payment in June.
