The NC Pre-K Standardized Site Selection process was created in response to Legislative Provisions that required DCDEE to establish a standardized decision-making process for awarding slots and student selection locally.

Site Selection has been in place since the 2014-2015 school year and is a required process that all Contracting Agencies must complete in order to approve new NC Pre-K sites.

The local NC Pre-K Committee may decide that existing NC Pre-K sites that are maintaining all NC Pre-K standards do not have to reapply during the site selection process.

Site Selection must be opened at least every two years but can be opened annually.
NC PRE-K STANDARDIZED SITE SELECTION

Reasons the NC Pre-K Committee may reopen the site selection process annually include:

- The termination of the NC Pre-K contract for an existing NC Pre-K site (voluntary or otherwise) requiring slots to be reallocated to other sites.
- The license for an existing site has been terminated (voluntary or otherwise) requiring slots to be reallocated to other sites.
- New sites have expressed interest in applying to be an NC Pre-K site.
- Previous NC Pre-K sites are requesting reconsideration for participation in NC Pre-K.
- Expansion and/or Reduction due to state or local funding, or other resources that impact the way slots and funds must be allocated.
- Changes in the community's needs (population changes, economic changes, changes to distribution of eligible children, etc.) that impact the way slots and funds must be allocated.

ROLES AND RESPONSIBILITIES

The NC Pre-K Standardized Site Selection process requires participation from the NC Pre-K Contracting Agency, the local NC Pre-K Committee, and a non-conflicted Site Selection sub-committee.

Each of these parties play a unique role and is responsible for specific steps of the Site Selection process. It is critical that each party understands their role and responsibilities and carries them out appropriately.
